The New York Association of Alcoholism and Substance Abuse Providers, Inc. (ASAP) is pleased to announce a new ASAP Member Benefit. Food Source Plus, a food and supply purchasing program that works exclusively with nonprofits, is partnering with ASAP with the goal of increasing quality and decreasing expenses for ASAP members. Food Source Plus will analyze the food and supply purchasing procedures of participating programs and help them implement a more cost-effective and time-efficient strategy.

We have been informed that most nonprofits save 10-50% off their food and supply purchasing costs after engaging the services of Food Source Plus. We encourage you to contact Sam Fischer at Food Source Plus (978-270-3238) to take advantage of this excellent benefit. Sam will provide a free cost analysis and explain how, by implementing this program; you can save your organization time and money that can be directed towards your mission. Because members are part of a national buying group that is not affiliated with any one food service distributor, they receive the best, most comprehensive and affordable food and supply program available to nonprofits.

The “bottom line” is something that all ASAP members are concerned about. Participating in the Food Source Plus program is one potential way for your program to positively affect that bottom line. We encourage you to give Sam Fischer a call so that your organization can benefit from this great program.

Sincerely,

John Coppola  
Executive Director
