

## Renewal Ethics Trainings Trainer-Led (Virtual or In-Person) and Computer-Based (online)

Partial list as of 6/25/2026

Finding approved renewal training for the new 9-hour ethics requirement has not necessarily been easy, but here is a list which may help. You'll find both Trainer-Led trainings as well as Computer-Based, Online trainings.

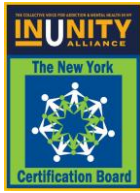

### **TRAINER-LED (in-person or virtual)**

- All of the trainers listed on in the chart on the next page will be found on our Trainer Registry website at <https://www.asapnys.org/asap-nycb-trainer-directory/>. Click on the name of the trainer and you'll see the training titles they offer and how many hours credit for each training. Contact information is available.
- Check for trainer-led Ethics trainings in the CARC-CRPA Renewal Trainings tab at FOR-NY (Friends of Recovery-New York): <https://for-ny.org/upcoming-trainings/?filter=crpa-carc-renewal>.

### **COMPUTER-BASED (online)**

- Choose any of the ethics trainings from the current list at this link: <https://www.asapnys.org/peer-ethics-medication-assisted-treatment/>. Although taking all of these particular trainings won't reach the full requirement of 9 hours, they can help, especially if you have already taken a 4-hour renewal ethics training from a trainer:
  - 4 NAADAC trainings at 1.5-hour each.
    - 1.5 hrs | 7 Ways to Legally and Ethically Expand Your Services with Evidence-Based Telehealth: raises issues relevant for all practitioners  
<https://www.pathlms.com/naadac/courses/45258>
    - 1.5 hrs | Passionate Professionals & Dispassionate Practice - Ethical Boundaries in Non-clinical Roles  
<https://www.pathlms.com/naadac/courses/63081>
    - 1.5 hrs | The Progress Note: Where Law & Ethics Meet Efficiency: peers are increasingly contributing notes and need to know this material  
<https://www.pathlms.com/naadac/courses/42157>
    - 1.5 hrs | Social Media and Ethical Dilemmas for Behavioral Health: addressed to clinicians but offers a sensible approach for all practitioners  
<https://www.pathlms.com/naadac/courses/41974>
  - 2 OASAS trainings (1.0- and 0.75-hour each).
    - 1 hr | The “New Normal” - Technology, Telehealth and Ethics  
<https://oasas.ny.gov/training/new-normal-technology-telehealth-and-ethics>
    - 0.75 hr | Justice Center Oversight and Monitoring  
<https://oasas.ny.gov/justice-center-oversight-and-monitoring>

Our website is in the process of being updated. When it is completed, there will be a searchable list of trainings available, but that is still in the works. We hope it will be completed soon.

## Renewal Ethics Trainings Trainer-Led (Virtual or In-Person) and Computer-Based (online)

Partial list as of 6/25/2026

Contact a trainer to find out when a training will be offered. All trainers may be found in the Trainer Registry at <https://www.asapnys.org/asap-nycb-trainer-directory/>. Click on any name for all trainings they offer. Also check for Ethics trainings in the CARC-CRPA Renewal Trainings tab at FOR-NY (Friends of Recovery): <https://for-ny.org/upcoming-trainings/?filter=crpa-carc-renewal>.
