

From Camping To Dining Out: Here's How Experts Rate The Risks Of 14 Summer Activities

NPR asked a panel of infectious disease and public health experts to rate the risk of some common summer activities. The links jump you to more details:

1. A BYOB backyard gathering with one other household: **low to medium risk**
2. Eating indoors at a restaurant: **medium to high risk**
3. Attending a religious service indoors: **high risk**
4. Spending the day at a popular beach or pool: **low risk**
5. An outdoor celebration such as a wedding with more than 10 guests: **medium to high risk**
6. Using a public restroom: **low to medium risk**
7. Letting a friend use your bathroom: **low risk**
8. Going to a vacation house with another family: **low risk**
9. Staying at a hotel: **low to medium risk**
10. Getting a haircut: **medium to high risk**
11. Going shopping at a mall: **risk varies**
12. Going to a nightclub: **high risk**
13. Going camping: **low risk**
14. Exercising outdoors: **low risk**
